Hi Matt,
FYI. There is a petition from Idaho Conservation League to revise the Snake River-Hells Canyon TMDL. It went to Dennis and Gina McCarthy. HQ delegated the petition to R10. The petition did not come to OWW as a controlled correspondence, but we are preparing an interim response letting the petitioner we are working on it. We are reviewing a draft today and should have something prepared for Dennis' signature by the end of the week or sooner.
Thanks
Dave
